

Make your Camp Hoodie a zipper cardigan (with ribbing on both sides of the zipper)

CO stitches worksheet:

Number of CO for your size _____ (in my case, size small, 152)

Subtract 8 stitches for 2" ribbing (1" on left and right sides) _____ (144)

Adjust to make it a multiple of 4 (2 + 2 ribbing) (144), +2 (to beg and end on knit rib) (146), +2 stitches for selvedge edge _____ (148)

Pattern:

Ribbing with begin and end with K3 (remember that the first and last stitches will be selvedge stitches)

Place markers for back and sides:

Divide number of original CO in half _____ ($152/2 = 76$)

Divide remaining stitches in half, those are the sides _____ ($148 - 76 = 72$, divided by 2 = 36).
I place a marker after 36 and 112)

Body, knit flat
